## **MEMORANDUM**

November 4, 1996

To: Common Council Members

From: Belinda Lewis, Director of Animal Care & Control

Subject: Need to hire a consultant

### Background

The need for design and construction of an Animal Care and Control facility has been previously discussed. A preliminary approach has been identified that would make use of an existing structure to accommodate primarily non-animal housing areas with new construction to be added to accommodate animal housing and handling areas.

At this time the City of Fort Wayne through its Board of Public Works would like to hire an architect for professional services in connection with construction of a new Animal Care and Control facility.

### Recommendation

Passage of the ordinance regarding "need to hire" a consultant is recommended to allow timely movement forward of the project.
